

Saqib Nazeer Mr

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm an electrical engineer and I am looking for the post of Electrical Engineer. I am a well-qualified, who would be an excellent choice for this position. I have an ability to grow with a job, handle responsibility and build positive relationships with work colleagues at all levels. I can also bring the high level of performance to your company. I feel certain that my strong skills coupled with my ability to Problem-solving and troubleshooting will be of immediate value to your company.

My written and oral communication skills are excellent and I enjoy working as part of a team, as well as liaising with contractors and project stakeholders. I enjoy the company and support of my peers while being able to manage my priorities and work. My day-to-day job involves efficiently managing others, communicating complex data to the technical team and breaking down this information for clients and stakeholders.

I very much hope that you will look favorably upon my application by recognizing my enthusiasm, talents in the field of Electrical Engineering and my future potential.

Thanking you for your time and looking forward to hear from you.
